an appeal for money with which to erect more cottages, and said that for lack of room he had been compelled to refuse the request of four or five hundred applicants for admission to the orphanage this year. One layman, he said, had offered to provide the means for the erection of one additional cottage if the money can be secured elsewhere to erect another. The report was then adopted.

W. A. Christian announced that at the session of the conference he was appointed to secure the credentials of D. S. Puller, who surrendered them at that time. He stated further that he had secured all but one of these credentials, and he presented them to the secretary of the conference.

Aid for Aged Preachers. The attention of the conference was called to the fact that four of the members of the conference who were granted the superannuate relation at this session of the conference are in need of financial aid, and in view of the fact that the conference makes no provision for an appropriation through the board of finance to preachers the year they retire from active work, the conference was requested by W. R. Beauchamp to contribute a collection of \$1,000 to be divided between these ministers as follows: T. J. Taylor, \$200; to N. J. Pruden, \$200; to C. W. Turner, \$200; and to C. E. Holiday, \$200. The collection was taken and it amounted to \$1,425. On motion, the conference ordered that \$1,000 of this amount be apportioned as suggested, and that all above that amount be divided equally between the four preachers.

Report number one of the board of missions was submitted and was adopted. Minute question forty-eight was called, "Where shall the next session of the conference be held?" Answering this question the report of the committee on conference entertainment was submitted, naming Monumental Church, Portsmouth, as the seat of the conference in 1914. The report was adopted and the conference will be held in that church next year. The report of the committee included also the recommendation that an assessment of \$2,000 be apportioned among the districts as a fund to meet the expense of conference entertainment.

The report of the Bible Society board was submitted and adopted. On motion, 11 o'clock Thursday morning of the session of the conference of next year was named as the time for the consideration of the American Bible Society as the order of the day.

Minute question six was called, "Who are received by transfer from other conferences?" Answering this question, Bishop Denny announced that he had received from Bishop James H. McCoy the transfer of H. D. Clarke, a deacon in the third year in the Western North Carolina Conference, to this conference.

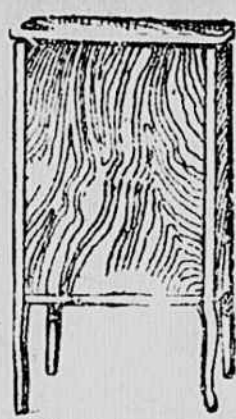

Special Prayer Offered. Bishop Denny requested the conference to unite in special prayer for Bishop Walter R. Lambeth, and the men and women who have gone with him to the Congo, in Africa, to establish the foreign mission station of the church there. Rev. W. E. Judkins led the prayer.

Bishop Denny appointed the following named laymen of the conference to constitute the committee to have in charge the purchase of the property and the erection of the Virginia Conference Home on the Southern Assembly ground, John P. Heston, W. H. Vincent, H. E. Barrow, J. C. Parker, A. E. Kellon, J. W. Haugh and Thomas W. Whitehead.

The hour for adjournment having arrived the conference, on motion, ordered that an afternoon session be held. Bishop Denny announced that the presiding elders would be with him in the cabinet meeting during the afternoon and requested that one of the tellers come to the cabinet room and get their ballots. The conference adjourned at 1 o'clock. Rev. Gilby C. Kelly, D. D., pronouncing the benediction.

Rev. J. W. Bledsoe, at the request of Bishop Denny, presided at the afternoon session of the conference.

Memorials Presented. The first business to be considered at this session was the report of the committee on memorials to the general conference. The consideration of this report had been made the order of the day for 10 o'clock Monday morning, but on motion of Dr. W. W. Royall this afternoon that action was reconsidered, and the report was submitted at once by W. A. Cooper, chairman of the committee. The report showed that seven petitions had been submitted to it, with the recommendation that they become

WHEN BACK ACES, WATCH KIDNEYS!

If Neglected Serious Diseases May Follow.

When the kidneys are clogged up and inactive nature always warns you.

Backache is one of the first symptoms. You may also be troubled with disagreeable, annoying bladder or urinary disorders; have attacks of lumbago or rheumatism; become nervous, tired, or feel as if worn out; puffiness shows under the eyes, or in the feet and ankles; or the urine becomes light and pale, dark-colored or cloudy. If such symptoms are neglected, dropsy, diabetes or Bright's disease, which is often fatal, may result.

It is not only dangerous, but needless, for you to suffer and endure the tortures of these troubles, when a little Croxone will quickly and surely end all such misery.

There is no more effective remedy known for the prompt relief and cure of such troubles, because it cleans out the clogged-up kidneys and makes them work properly. It soaks right in through the walls and linings; cleans out the little filtering cells and glands; neutralizes and dissolves the poisonous uric acid and waste matter, and makes the kidneys filter and sift the poisons from the blood and drive it out of the system.

This new, scientific preparation is entirely different from other remedies. It is so quick-acting and effective that it is practically impossible to take it so often prove fatal, may result.

An original package costs but a trifle, and all druggists are authorized to return the purchase price if Croxone should fall in a single case.

Three doses a day, for a few days, is often all that is ever needed to end the worst backache, relieve rheumatic pains or overcome sleep-disturbing urinary disorders.—Advertisement.

they should have the same privilege in the quarterly conference, and that they be needed in the latter conference.

Rev. J. T. Rountree said the reason some men opposed the petition was because they were afraid if these rights were given to the women, the women would eliminate them in the work of the church. He favored the petition and spoke further in its support.

Church Needs Awakening.

John P. Branch said he was not ready to grant that the church is on the wane, but that statistics show it is not growing as it should, and that it ought to do better. Then he said if the granting of this petition would be the means of helping toward that end, he was in favor of it. He said that the church needed to wake up, and that it might be this would help it to do so.

Rev. J. T. Payne was the last speaker of the afternoon. He spoke in favor of the petition, and will conclude his remarks Monday. Upon motion, the further consideration of the report was made the first order of the day for Monday.

The conference adjourned at 5:30 o'clock. Rev. E. H. Rawlins, D. D., pronouncing the benediction. No session of the conference was held this evening.
